

Washer extractor

Features and benefits

- · Compass Pro* microprocessor offers:
 - Large display and one control knob for easy program selection
 - Language selection
 - Quick selection and option buttons for the most frequently used wash programs and options
 - Wash program packages optimized on Economy, Perfomance and Time. (Available on general programs)

· AS - Automatic Savings:

- The machine weighs the linen and adjusts the amount of water and energy according to the load. This leads to considerable savings in case the machine is not fully loaded. (Available on general programs)
- Extremely low water and energy consumption see table below
- · Four compartment detergent box for manual dosing of powder or liquid detergent
- · High extraction force for efficient dewatering
- · Door with gasket and strong hinges built for heavy duty operation
- · Stainless and galvanized steel in all vital parts for high degree of rust protection

Power Balance:

- Maximises the extraction force, leading to highest dewatering and savings in drying
- Minimizes the stress on the machine, leading to trouble-free operation and increased machine lifetime
- Reduces vibrations, making it possible to install the machine in all locations

Images shown are a representation of the product only and variations may occur.

Main options

- · Automatic liquid detergent supply (optional I/O board)
- · Stainless steel front panel
- · Connection to booking-/payment-system or coin meter
- · Drain pump

Main specifications	W575H						
Max. capacity filling factor 1:9	kg/lb	8/18					
Drum, volume		litre	75				
diameter		ø mm		52	20		
Extraction		rpm		124	45		
G-factor				45	50		
Standard heating alternatives	electricity	kW		5.4 /	′ 7.5
