

Electrolux Professional
Facility Management Laundry

**‘With the
leader in
microfibre
cleaning,
we can always
count on the
best results.’**

Ralph Thomas, Cleaner, Amsterdam

Electrolux

The highest performance with mops and cloths cleaned to perfection

Time is of the essence when it comes to processing cleaning materials such as mops and cloths, as well as company workwear. An in-house laundry solution from Electrolux Professional improves the efficiency of your facility's cleaning operations, saving you time and money and improving availability.

Our expertise in cleaning microfibre materials helps you achieve the highest hygiene standards possible while keeping costs and downtime to a minimum. Tailored programs remove bacteria, dirt and stains efficiently during the laundry process so you always start your work day with the freshest, cleanest mops and cloths.

- ▶ Best-in-class washing and drying results with Compass Pro® featuring bespoke programs and processes customised for microfibre mops and cloths
- ▶ Time savings and quick laundry turnaround thanks to maximum dewatering and faster drying processes
- ▶ Reduced workwear costs due to extended workwear lifetime
- ▶ Easy and trouble-free operation thanks to durable machine design and intelligent technologies
- ▶ Environmentally friendly and sustainable processes to match green cleaning standards
- ▶ Greater service flexibility – experts, training and the world's largest service network

Electrolux Excellence

Excellence is central to everything we do. By anticipating our customers' needs, we strive for Excellence with our people, innovations, solutions and services. Thus making our customers' work and life easier and more profitable.

Unique Service Excellence

Always near.
Always there for you

A reliable, global presence: Electrolux Professional offers the most extensive service network of skilled, authorised partners for daily tasks: installation, spare parts and maintenance. All of them provide efficient customer service and fast technical assistance. A global service network for prompt, expert advice worldwide.

- ▶ 1,900 authorised service centres
- ▶ Over 7,000 expert technicians
- ▶ 44,000 available spare parts in stock
- ▶ Spare parts available for at least 10 years after the end of production
- ▶ 24–48 hr spare parts delivery worldwide
- ▶ 20,000 customers serviced every day

100 % microfibre **Excellence** from Electrolux Professional

Every business wants clean, hygienic and safe facilities. Thanks to longstanding partnerships with leading microfibre suppliers and chemical companies, Electrolux Professional boasts unrivalled expertise in microfibre cleaning. Our uniquely designed Mop Washers feature specially designed programs offering an incredibly wide range of cleaning and preparation options – so the only limit is your imagination.

Why not start with the Electrolux Professional Efficient Floor Cleaning solution?

This simple system brings you multiple benefits:

- ▶ More control over the wash process
- ▶ Safer and simpler cleaning routines
- ▶ Time and money savings
- ▶ Excellent cleaning results

All you need is a supply of mops, an Electrolux Professional Mop Washer and the Efficient Dosing System. If you prefer to clean with dry mops, simply dry the freshly washed mops in an Electrolux Professional Tumble Dryer.

Efficient Floor Cleaning is as simple as one, two, three:

1. Load the used mop heads into the Mop Washer
2. Select the preferred mop program and start the wash process
3. The mop heads are washed and prepared exactly to your needs – including impregnation with the agents of your choice, for instance

What are your day-to-day needs?

Type of Washer	Drum volume in l	Capacity in kg	Number of mop heads (à 50 x 12 cm)				Number of cleaning cloths			Type of Dryer
